The Office of Disaster Assistance and Petroleum Management (ODAPM)

Office of Disaster Assistance and Petroleum Management (ODAPM)

The Office of Disaster Assistance and Petroleum Management (ODAPM) endeavors to assist local government agencies in the recruitment, development of applications, and implementation of federally funded grant programs. Additionally, the ODAPM strives to ensure compliance with federal requirements as set forth by federal grantors. The ODAPM continues to work closely with local agencies to ensure that all fixed assets, including structures and contents, are accounted for, and adequately insured. The ODAPM continuously strives to ensure the adequate and cost-effective supply of petroleum products for the territory including the development and maintenance of efficient ASG Fuel Facility Plants and Operations in compliance with quality, safety and security standards.

THE OFFICE OF DISASTER ASSISTANCE AND PETROLEUM MANAGEMENT (ODAPM)

HAZARD MITIGATION

The Office of Disaster Assistance and Petroleum Management strives to provide a comprehensive mitigation strategy for prioritizing projects, programs and activities that aim to save lives and reduce losses from the impacts of natural disasters. The Hazard Mitigation Program is based on a partnership with The Federal Emergency Management Agency (FEMA) for mitigation planning process. This plan ensures federal assistance to the people of American Samoa following future significant disasters, and allow the American Samoa Government to compete for federal mitigation program assistance annually.

PUBLIC ASSISTANCE

The Federal Emergency Management Agency's (FEMA) Public Assistance Program provides aid in the wake of a major disaster to our local government to help communities in our recovery efforts. The Public Assistance Program (PA) provides federal disaster grant assistance for debris removal, emergency protective measures, and the repair, replacement, or restoration of disaster-damaged property. The PA Program is based on a partnership with FEMA, State, and local officials.

THE OFFICE OF DISASTER ASSISTANCE AND PETROLEUM MANAGEMENT (ODAPM)

OFFICE OF PETROLEUM MANAGEMENT AND THE AMERICAN SAMOA PETROLEUM COOPERATIVE

The Office of Petroleum Management (OPM) under the Office of Disaster Assistance and Petroleum Management (ODAPM) in conjunction with the American Samoa Petroleum Cooperative (ASPC), is responsible for the sustained achievement of OPM's mission including the optimal and cost-effective development, operations, and maintenance of ASG Fuel Facilities and Infrastructure of the ASG Fuel Dock and Gataivai and Pago pago International Airport Fuel Tank Farm and Storage depots.

ASG PROPERTY INSURANCE

The Office of Disaster Assistance and Petroleum Management is responsible to administer and manage in cooperation with the ASG Property Insurance Committee (ASPIC) of Treasury, Procurement, ASTCA, LBJ Hospital and ASCC to solicit and maintain qualified, cost-effective property insurance for insuring ASG fixed assets, structures, and contents funded and required by FEMA. Under ODAPM, ASG's property insurance will be updated and insurance proceeds will go to rebuilding and replacing damaged property.

Serving OUR COMMUNITY

AMERICAN SAMOA COMMUNITY COLLEGE AGRICULTURE, COMMUNITY & NATURAL RESOURCES

Research

ASCC-ACNR currently conducts research in the areas of Horticulture and Entomology. All research is tailored specifically for the environment, economy, and culture of American Samoa and to benefit the health of American Samoa's people and natural resources.

Extension

The Extension program emphasizes the knowledge gained through research and education to create positive change and improve the quality of life for individuals and the community. There are four main programs: 4-H Youth Development, Agriculture, Family and Consumer Sciences, and Forestry.

Instruction

ASCC-ACNR offers post-secondary agricultural-related educational programs. Program offerings include the Associate of Science degree in General Agriculture, Agribusiness, Family and Consumer Sciences, and Natural Resources.
