PLANNING AND URBAN MANAGEMENT AGENCY

VISION:
Safeguard Samoa's future and existing natural and physical environment

ROLE:
Apia is growing quickly over time and with increasing developments, there is a need to ensure proper strategic planning.
PUMA's role is to help progress appropriate and sustainable developments in both urban and rural areas. This ultimately leads to: safe and healthy communities; sustainable use of natural resources; economic growth; and equitable access to transport, infrastructure, recreational facilities, and jobs

SECTIONS:

Strategic Planning Section
Prepare strategic planning tools and regulations; implement strategic planning projects and awareness programs

Sustainable Development Section
Review and assess development consent applications; environmental impact assessment reports and development applications

Urban Management Section
Respond to public complaints (e.g., noise, odor, dust, waste, wastewater) and conduct land use surveys, noise measures and water quality testing

Compliance, Monitoring and Enforcement Section
Monitoring of approved Development Consent conditions and investigate non-consented and non-compliant developments.

Street Addressing Section
Map and assign street and household addresses for Samoa
